## REVIEW OF RECRUITING & HIRING

With teacher shortages across the country, it's more important than ever for districts to quickly attract and hire the best candidates. Frontline Recruiting & Hiring enables districts to proactively recruit from the largest pool of K12 job-seeking candidates, attract more applicants, refine applicant pools with research-based assessments, and efficiently select and hire the best candidates, with tools to monitor and benchmark progress along the way.

**Applicant Tracking** enables districts to efficiently select and hire the best candidates and save time throughout the hiring process. They can even benchmark their district's recruiting and hiring data against national and state benchmarks, so they can make adjustments as needed to support their long-term strategic hiring goals.

## REVIEW OF FRONTLINE CENTRAL

**Frontline Central** is an electronic employee records management system that enables districts to securely and efficiently manage employee information online and streamline time-consuming manual processes, such as new hire onboarding, employee contract renewals and distribution of policy notices. Districts can save time and improve efficiency with customized workflows, automated reminders and secure digital storage.

**Frontline Central** securely automates onboarding and day-to-day operational forms and allows you to efficiently manage annual contract renewals online. It provides permissions-based visibility to employee records so you can ensure forms are completed and approved on time, by the right people.

# Why Choose Frontline Education?
