Name of Program A Kids Only Early Learning Center Inc. ·	License Number 307578/2190019520
Name of Community Partner Buckeye Local Schools	
Type of Community Partner Public School	
Services Provided We will provide before and after school care for children who attend Ridgeview and Kingsville Elementary Schools. We will provide a quality preschool program for children who will attend these two schools. We will work closely with the school system and refer children who may need developmental services.	
How will these services support the program, families or children? The Kids Only preschool is highly rated by the State of Ohio. Our KO kids are prepared for kindergarten and excel academically. When needed, we provide space for occupational therapy, physical therapy and speech. Our before and after school program is a safe place for children. Parents have peace of mind that their children are in a safe/loving environment. Our centers prioritize low income families. Education is the key to breaking the poverty cycle.
